

- For configuration of Draco tera switches
- 17" Wide LCD Display (up to 1920x1200)
- USB-HID version
- Keyboard with touchpad
- Country-specific keyboard (optional)
- KVM unit (optional)

THE DRACO TFT ADMIN CONSOLE is an integrated computer operating unit with monitor, keyboard and touchpad for installation in server racks or computer cabinets. It provides convenient access to

the Draco tera enterprise KVM matrix for supervisory management and control. For administration tasks no matrix data port is required. System checks and troubleshooting can be performed locally without

the need of connecting and cabling hardware. The console may optionally be connected through an extender allowing real-time access to all connected servers for system administrators.

Product Features

- 1 RU monitor keyboard drawer for 19" rack mounting
- Native resolution 1920 x 1200 pixels (WUXGA)
- 17,1" screen diagonal
- Interchangeable compact keyboard with touchpad
- High quality torque hinge keep the monitor in any position
- Integrated wide-range power supply (100-240 VAC) with IEC 320 plug
- USB connection for keyboard and mouse
- DVI-I (DVI and VGA) and DisplayPort
- Picture-in-Picture presentation
- Country-specific keyboard for an additional charge
